FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (“Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (“Exchange Act”). Forward-looking statements include, but are not limited to, statements related to our expectations regarding the performance of our business, our financial results, our liquidity and capital resources, the impact to our business and financial condition, and measures being taken in response to the novel strain of coronavirus and the disease it causes (“COVID-19”), the effects of competition and the effects of future legislation or regulations and other non-historical statements. Forward-looking statements include all statements that are not historical facts, and in some cases, can be identified by the use of forward-looking terminology such as the words “outlook,” “believes,” “expects,” “potential,” “continues,” “may,” “will,” “should,” “could,” “seeks,” “projects,” “predicts,” “intends,” “plans,” “estimates,” “anticipates” or the negative version of these words or other comparable words. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect our results of operations, financial condition, cash flows, performance or future achievements or events.

COVID-19 has had and continues to have a significant negative effect on the hospitality industry and our business. The effects of COVID-19, including government restrictions such as mandated closings of non-essential businesses and travel restrictions, have severely reduced overall lodging demand. Since March 2020, we have experienced a significant decline in occupancy and Revenue per Available Room (“RevPar”) associated with COVID-19, which resulted in a decline in our operating cash flow, our financial condition, results of operations and performance, and a decline on the global economy and financial markets. The continued extent to which COVID-19 has impacted us and guests at our hotel will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic and possible resurgences, the actions taken to contain the pandemic or mitigate its effect, additional closures that may be mandated or advisable whether due to an increased number of COVID-19 cases or otherwise, and the direct and indirect economic effects of the pandemic and containment measures, among others. However, the distribution of COVID-19 vaccines that began in December 2020 and the reports of their effectiveness have resulted in an improvement in traveler and general consumer sentiment. Investors are cautioned to interpret many of the risks identified in the risk factors discussed in this 10-K and incorporated by reference from our Quarterly Report on Form 10-Q for the quarter ended March 31, 2021 and our Annual Report on Form 10-K for the year ended June 30, 2020 as being heightened as a result of the ongoing and numerous adverse impacts of COVID-19.

Other factors that may cause actual results to differ materially from current expectations include, but are not limited to:

- risks associated with the lodging industry, including competition, increases in wages, labor relations, energy and fuel costs, actual and threatened pandemics, actual and threatened terrorist attacks, and downturns in domestic and international economic and market conditions, particularly in the San Francisco Bay area;
- risks associated with the real estate industry, including changes in real estate and zoning laws or regulations, increases in real property taxes, rising insurance premiums, costs of compliance with environmental laws and other governmental regulations;
- the availability and terms of financing and capital and the general volatility of securities markets;
- changes in the competitive environment in the hotel industry;
- economic volatility and potential recessive trends;
- risks related to natural disasters;
- hyperinflation;
- litigation; and
- other risk factors discussed below in this Report.

All such forward-looking statements are based on current expectations of management and therefore involve estimates and assumptions that are subject to risks, uncertainties and other factors that could cause actual results to differ materially from the results expressed in the statements. You should not put undue reliance on any forward-looking statements and we urge investors to carefully review the disclosures we make concerning risks and uncertainties in Item 1A: “Risk Factors” in this Annual Report on Form 10-K, our Quarterly Report on Form 10-Q for the quarter ended March 31, 2021 and our Annual Report on Form 10-K for the year ended June 30, 2020, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov, as well as risks, uncertainties and other factors discussed in this Annual Report on Form 10-K. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

PART I

Item 1. Business.

GENERAL

Portsmouth Square, Inc. (referred to as “Portsmouth” or the “Company” and may also be referred to as “we” “us” or “our”) is a California corporation, incorporated on July 6, 1967, for the purpose of acquiring a hotel property in San Francisco, California through a California limited partnership, Justice Investors Limited Partnership (“Justice” or the “Partnership”). As of June 30, 2021, approximately 74.9% of the outstanding common stock of Portsmouth was owned by The InterGroup Corporation (“InterGroup”), a public company (NASDAQ: INTG).

Portsmouth’s primary business is conducted through its general and limited partnership interest in Justice. Portsmouth controls approximately 99.3% of the voting interest in Justice and is the sole general partner of Justice. The financial statements of Justice are consolidated with those of the Company.

Justice, through its subsidiaries Justice Operating Company, LLC (“Operating”) and Justice Mezzanine Company, LLC (“Mezzanine”) owns and operates a 544-room hotel property located at 750 Kearny Street, San Francisco California, known as the Hilton San Francisco Financial District (the “Hotel”) and related facilities including a five-level underground parking garage. Mezzanine is a wholly owned subsidiary of the Partnership; Operating is a wholly owned subsidiary of Mezzanine. Mezzanine is the borrower under certain mezzanine indebtedness of Justice, and in December 2013, the Partnership conveyed ownership of the Hotel to Operating. The Hotel is operated by the partnership as a full-service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Franchise Holding LLC (“Hilton”) through January 31, 2030.

Justice entered into a Hotel management agreement (“HMA”) with Interstate Management Company, LLC (“Interstate”) to manage the Hotel, along with its five-level parking garage, with an effective takeover date of February 3, 2017. The term of the management agreement is for an initial period of ten years commencing on the takeover date and automatically renews for successive one (1) year periods, to not exceed five years in the aggregate, subject to certain conditions. Under the terms of the HMA, base management fee payable to Interstate shall be one and seven-tenths percent (1.70%) of total Hotel revenue. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the form of a self-exhausting, interest free note payable in the amount of \$2,000,000 in a separate key money agreement. As of June 30, 2020, balance of the key money including accrued interest was \$1,009,000 and is included in restricted cash in the consolidated balance sheets. As of June 30, 2021, the key money balance was zero as the Hotel obtained approval from Interstate to use the funds for hotel operations during the first quarter of fiscal year 2021. As of June 30, 2021 and 2020, balance of the unamortized portion of the key money are \$1,396,000 and \$1,646,000, respectively, and are included in the related party notes payable in the consolidated balance sheets. On October 25, 2019, Interstate merged with Aimbridge Hospitality, North America’s largest independent hotel management firm. With the completion of the merger, the newly combined company will be positioned under the Aimbridge Hospitality name in the Americas.

Portsmouth receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership’s assets. Those fees are eliminated in consolidation.

The Company also derives income from the investment of its cash and investment securities assets. The Company has invested in income-producing instruments, equity and debt securities and may consider other investments in the future. See Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations for a discussion of the Company’s marketable securities and other investments.

HILTON HOTELS FRANCHISE LICENSE AGREEMENT

The Partnership entered into a Franchise License Agreement (the “License Agreement”) with the HLT Existing Franchise Holding LLC (“Hilton”) on December 10, 2004. The term of the License Agreement was for an initial period of fifteen years commencing on the date the Hotel began operating as a Hilton hotel, with an option to extend the License Agreement for another five years, subject to certain conditions. On June 26, 2015, Operating and Hilton entered into an amended franchise agreement that, among other things, extended the License Agreement through 2030, and provided the Partnership with certain key money cash incentives to be earned through 2030.

HOTEL MANAGEMENT COMPANY AGREEMENT

On February 1, 2017, Justice entered into a Hotel management agreement with Interstate Management Company, LLC to manage the Hotel with an effective takeover date of February 3, 2017. The term of the management agreement is for an initial period of ten years commencing on the takeover date and automatically renews for successive one (1) year periods, not to exceed five years in the aggregate, subject to certain conditions. Under the terms on the HMA, base management fee payable to Interstate shall be one and seven-tenths (1.70%) of total Hotel revenue. On October 25, 2019, Interstate merged with Aimbridge Hospitality, North America’s largest independent hotel management firm. With the completion of the merger, the newly combined company will be positioned under the Aimbridge Hospitality name in the Americas. For the fiscal years ended June 30, 2021 and 2020, hotel management fees were \$242,000 and \$591,000, respectively, offset by key money amortization of \$250,000 for both years and are included in Hotel operating expenses in the consolidated statements of operations. As part of the Hotel management agreement, Interstate, through the Partnership’s wholly owned subsidiary, Kearny Street Parking LLC, manages the parking garage in-house.

CHINESE CULTURE FOUNDATION LEASE

On March 15, 2005, the Partnership entered an amended lease with the Chinese Culture Foundation of San Francisco (the “Foundation”) for the third-floor space of the Hotel commonly known as the Chinese Culture Center, which the Foundation had right to occupy pursuant to a 50-year nominal rent lease that began in 1967.

The amended lease, among other things, requires the Partnership to pay to the Foundation a monthly event space fee in the amount of \$5,000, adjusted annually based on the local Consumer Price Index. As of June 30, 2021, monthly event space fee is \$6,500. The term of the amended lease expires on October 17, 2023, with an automatic extension for another 10-year term if the property continues to be operated as a hotel. Subject to certain conditions as set forth in the amended lease, the Foundation is entitled to reserve for a maximum of 75 days per calendar year for use of the event space. If the Partnership needs the event space during one of the dates previously reserved by the Foundation, the Partnership shall pay the Foundation \$4,000 per day for using the event space. During the fiscal years ended June 30, 2021 and 2020, the Partnership did not pay the Foundation any such fees.

MARKETABLE SECURITIES INVESTMENT POLICIES

In addition to its Hotel and real estate operations, the Company also invests from time to time in income producing instruments, corporate debt and equity securities, publicly traded investment funds, mortgage backed securities, securities issued by REITs and other companies which invest primarily in real estate.

The Company’s securities investments are made under the supervision of an Executive Strategic Real Estate and Securities Investment Committee of the Board of Directors (the “Committee”). The Committee currently has three members and is chaired by the Company’s Chairman of the Board and Chief Executive Officer, John V. Winfield. The Committee has delegated authority to manage the portfolio to the Company’s Chairman and Chief Executive Officer together with such assistants and management committees he may engage. The Committee generally follows certain established investment guidelines for the Company’s investments. These guidelines presently include: (i) corporate equity securities should be listed on the New York Stock Exchange (NYSE), NYSE MKT, NYSE Arca or the Nasdaq Stock Market (NASDAQ); (ii) the issuer of the listed securities should be in compliance with the listing standards of the applicable national securities exchange; and (iii) investment in a particular issuer should not exceed 10% of the market value of the total portfolio. The investment guidelines do not require the Company to divest itself of investments, which initially meet these guidelines but subsequently fail to meet one or more of the investment criteria. The Committee has in the past approved non-conforming investments and may in the future approve non-conforming investments. The Committee may modify these guidelines from time to time.

The Company may also invest, with the approval of the Committee, in unlisted securities, such as convertible notes, through private placements including private equity investment funds. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments and reviewed for impairment on a periodic basis. As of June 30, 2021 and 2020, the Company had other investments of \$20,000 and \$87,000, respectively.

The Company may utilize margin for its marketable securities purchases using standard margin agreements with national brokerage firms. The margin used by the Company may fluctuate depending on market conditions. The use of leverage could be viewed as risky, and the market values of the portfolio may be subject to large fluctuations. Margin balances due on June 30, 2021 and 2020 were \$1,715,000 and \$0, respectively.

As Chairman of the Committee and of the Company, John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of the Board of InterGroup and oversees the investment activity of InterGroup. Effective June 2016, Mr. Winfield became the Managing Director of Justice. Depending on certain market conditions and various risk factors, the Chief Executive Officer and InterGroup may, at times, invest in the same companies in which the Company invests. Such investments align the interests of the Company with the interests of these related parties because it places the personal resources of the Chief Executive Officer and the resources of InterGroup, at risk in substantially the same manner as the Company in connection with investment decisions made on behalf of the Company.

Further information with respect to investment in marketable securities and other investments of the Company is set forth in Management Discussion and Analysis of Financial Condition and Results of Operations section and Notes 6 and 7 of the Notes to Consolidated Financial Statements.

SEASONALITY

Historically, the Hotel's operation has been seasonal under normal circumstances. Like most hotels in the San Francisco area, the Hotel generally maintained high occupancy and room rates during the entire year except for the weeks starting from Thanksgiving to the end of the calendar year due to the holiday season. These seasonal patterns can be expected to cause fluctuations in the quarterly revenues of the Hotel. However, the COVID-19 pandemic has altered this seasonal trend since March 2020. See Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for more information regarding the effects of the COVID-19 pandemic on our results of operations.

COMPETITION

The hotel industry has been devastated by the COVID-19 pandemic that hurt business worse than 9/11 and the Great Recession combined. By the start of the fiscal year 2021 most of the hotels in the San Francisco market were closed due to lack of business, only one of our primary Competitive Set ("Comp Set") remained open at that time. Most of those hotels stayed close through end of Q1 and by the end of Q2 only one had opened. The market has seen slight improvements over the past two quarters, but RevPAR in San Francisco was hit the hardest of any major market in the US. The Hotel has navigated this very competitive market nimbly and has consistently been ranked the number one hotel in its Comp Set based on our ability to drive occupancy. At the end of fiscal year 2021 the Hotel had roughly a 233% RevPAR index. The Hotel took advantage of the slow periods to make certain capital improvements including refinishing of all guest room furniture, resurfacing half of the hotel bath tubs that needed repair, refreshing meeting space and lobby paint and vinyl, replacing all bed frames and socks, and the installation of corridor carpets that was completed in July 2021. Hotel improvements are ongoing in order to remain competitive.

The Hotel's location in the San Francisco Financial District historically had provided greater opportunities over its competitors when it comes to developing relationships with the Financial District entities and the customers who regularly do business in the downtown area. With business travel to San Francisco almost non-existent for the time, we are competing with hotels in more tourist attracting locations and amenities for the leisure traveler. The ability to capitalize on the strong midweek demand of the individual business traveler to the Financial District has been the focus during the timeframe of strong growth in the market; however, that customer along with our group customers has significantly reduced occupancy beginning in March of 2020 as COVID-19 ravaged the hotel industry. The shift to attracting leisure travel has pushed the hotel to price aggressively to lure competition from the more tourist locations in San Francisco.

The Hotel is also subject to certain operating risks common to the hospitality industry, which could adversely impact performance.

These risks include, but are not limited to:

- Competition for guests and meetings from other hotels including competition and pricing pressure from internet wholesalers and distributors;
- increases in operating costs, including wages, benefits, insurance, property taxes and energy, due to inflation and other factors, which may not be offset in the future by increased room rates;
- labor strikes, disruptions or lock outs;
- dependence on demand from business and leisure travelers, which may fluctuate and is seasonal;
- increases in energy costs, cost of fuel, airline fares and other expenses related to travel, which may negatively affect traveling;
- terrorism, terrorism alerts and warnings, wars and other military actions, pandemics or other medical events or warnings which may result in decreases in business and leisure travel;
- natural disasters; and
- adverse effects of downturns and recessionary conditions in international, national and/or local economies and market conditions.

ENVIRONMENTAL MATTERS

In connection with the ownership of the Hotel, the Company is subject to various federal, state and local laws, ordinances and regulations relating to environmental protection. Under these laws, a current or previous owner or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances on, under or in such property. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances.

Environmental consultants retained by the Partnership and its lenders conducted updated Phase I environmental site assessments in fiscal year ended June 30, 2014 on the Hotel property. These Phase I assessments relied, in part, on Phase I environmental assessments prepared in connection with the Partnership's first mortgage loan obtained in December 2013. Phase I assessments are designed to evaluate the potential for environmental contamination on properties based generally upon site inspections, facility personnel interviews, historical information and certain publicly available databases; however, Phase I assessments will not necessarily reveal the existence or extent of all environmental conditions, liabilities or compliance concerns at the properties.

Although the Phase I assessments and other environmental reports we have reviewed disclose certain conditions on our property and the use of hazardous substances in operation and maintenance activities that could pose a risk of environmental contamination or liability, we are not aware of any environmental liability that we believe would have a material adverse effect on our business, financial position, results of operations or cash flows.

The Company believes that the Hotel is in compliance, in all material respects, with all federal, state and local environmental ordinances and regulations regarding hazardous or toxic substances and other environmental matters, the violation of which could have a material adverse effect on the Company. The Company has not received written notice from any governmental authority of any material noncompliance, liability or claim relating to hazardous or toxic substances or other environmental matters in connection with any of its present properties.

EMPLOYEES

As of June 30, 2021, Portsmouth had three full-time employees. The employees of the Company are not part of any collective bargaining agreement, and the Company believes that its employee relations are satisfactory.

Effective February 3, 2017, the Partnership had no employees. On February 3, 2017, Interstate assumed all labor union agreements and retained employees of their choice to continue providing services to the Hotel. As of June 30, 2021, approximately 92% of those employees were represented by one of three labor unions, and their terms of employment were determined under various collective bargaining agreements ("CBAs") to which the Partnership was a party. CBA for Local 2 (Hotel and Restaurant Employees) will expire on August 13, 2022. CBA for Local 856 (International Brotherhood of Teamsters) will expire on December 31, 2022. CBA for Local 39 (Stationary Engineers) will expire on July 31, 2024.

Negotiation of collective bargaining agreements, which includes not just terms and conditions of employment, but scope and coverage of employees, is a regular and expected course of business operations for the Partnership and Interstate. The Partnership expects and anticipates that the terms of conditions of the CBAs will have an impact on wage and benefit costs, operating expenses, and certain hotel operations during the life of the CBAs and incorporates these principles into its operating and budgetary practices.

Item 1A. Risk Factors.

The responses by federal, state, and local civil authorities to the COVID-19 pandemic has had a material detrimental impact on our business, financial results and liquidity, and such impact could worsen and last for an unknown period of time.

The global spread of the COVID-19 pandemic is complex and rapidly-evolving, with governments, public institutions and other organizations imposing or recommending, and businesses and individuals implementing, restrictions on various activities or other actions to combat its spread, such as restrictions and bans on travel or transportation, limitations on the size of gatherings, closures of work facilities, schools, public buildings and businesses, cancellation of events, including sporting events, conferences and meetings, and quarantines and lock-downs. The shelter-in-place, physical distancing, quarantine measures, city closures and their consequences have dramatically reduced travel, conventions and demand for hotel rooms, which has and will continue to impact our business, operations, and financial results. The extent to which the closures impacts our business, operations, and financial results, including the duration and magnitude of such effects, will depend on numerous evolving factors that we may not be able to accurately predict or assess, including the duration and scope of the closures; the negative impact it has on global and regional economies and economic activity, including the duration and magnitude of its impact on unemployment rates and consumer discretionary spending; its short and longer-term impact on the demand for travel, transient and group business, and levels of consumer confidence; our ability to successfully navigate the impacts of the closures; governments actions, businesses and individuals take in response to the closures, including limiting or banning travel; and how quickly economies, travel activity, and demand for lodging recovers after the closures subsides.

The COVID-19 closures have subjected our business, operations and financial condition to a number of risks, including, but not limited to, those discussed below:

- **Risks Related to Revenue:** The COVID-19 closures and other imposed restrictions have negatively impacted and will in the future negatively impact to an extent we are unable to predict, our revenue from the Hotel. Currently, the Hotel is not generating revenue sufficient to meet its operating expenses, which is adversely affecting our net income.
- **Risks Related to Operations:** Because of the significant decline in the demand for hotel rooms, the Hotel has taken steps to reduce operating costs and improve efficiency, including furloughing a substantial number of its personnel and implementing reduced work weeks for other personnel. Such steps, and further changes we may make in the future to reduce costs, may negatively impact guest loyalty, or our ability to attract and retain associates, and our reputation and market share may suffer as a result. For example, if our furloughed personnel do not return to work with us when the COVID-19 closures and imposed restrictions are lifted, including because they find new jobs during the furlough, we may experience operational challenges that impact guest loyalty and our market share, which could limit our ability to grow revenue and could reduce our profits. Further, reputational damage from, and the financial impact of, reduced work weeks could lead associates to depart the company and could make it harder for us to recruit new associates in the future. We may also face demands or requests from labor unions that represent our associates, whether in the course of our periodic renegotiation of our collective bargaining agreements or otherwise, for additional compensation, healthcare benefits or other terms as a result of COVID-19 that could increase costs, and we could experience labor disputes or disruptions as we continue to implement our COVID-19 mitigation plans.

COVID-19, and the volatile regional and global economic conditions stemming from the pandemic, as well as reactions to future pandemics or resurgences of COVID-19, could also precipitate or aggravate the other risk factors that we identify in this annual report, which in turn could materially adversely affect our business, financial condition, liquidity, and results of operations (including revenues and profitability). Further, COVID-19 may also affect our operating and financial results in a manner that is not presently known to us or that we currently do not consider presenting significant risks to our operations.

Adverse changes in the U.S. and global economies could negatively impact our financial performance.

Due to a number of factors affecting consumers, the outlook for the lodging industry remains uncertain. These factors have resulted at times in the past and could continue to result in the future in fewer customers visiting, or customers spending less, in San Francisco, as compared to prior periods. Leisure travel and other leisure activities represent discretionary expenditures, and participation in such activities tends to decline during economic downturns, during which consumers generally have less disposable income. As a result, in those times customer demand for the luxury amenities and leisure activities that we offer may decline. Furthermore, during periods of economic contraction, revenues may decrease while some of our costs remain fixed or even increase, resulting in decreased earnings.

Weakened global economic conditions may adversely affect our industry, business and results of operations.

Our overall performance depends in part on worldwide economic conditions which could adversely affect the tourism industry. According to current economic news reports, the United States and other key international economies may be subject to a recession, characterized by falling demand for a variety of goods and services, restricted credit, going concern threats to financial institutions, major multinational companies and medium and small businesses, poor liquidity, declining asset values, reduced corporate profitability, and volatility in credit, equity and foreign exchange markets. These conditions affect discretionary and leisure spending and could adversely affect our customers' ability or willingness to travel to destinations for leisure and cutback on discretionary business travel, which could adversely affect our operating results. In addition, in a weakened economy, companies that have competing properties may reduce room rates and other prices which could also reduce our average revenues and harm our operating results.

We operate a single property located in San Francisco and rely on the San Francisco market. Changes adversely impacting this market could have a material effect on our business, financial condition, results of operation, and fair market value of the Hotel.

Our business has a limited base of operations and substantially all of our revenues are currently generated by the Hotel. Accordingly, we are subject to greater risks than a more diversified hotel or resort operator and the profitability of our operations is linked to local economic conditions in San Francisco. The combination of a decline in the local economy of San Francisco, reliance on a single location and the significant investment associated with it may cause our operating results to fluctuate significantly and may adversely affect us and materially affect our total profitability.

We face intense local and increasingly national competition which could impact our operations and adversely affect our business and results of operations.

We operate in the highly competitive San Francisco hotel industry. The Hotel competes with other high-quality Northern California hotels and resorts. Many of these competitors seek to attract customers to their properties by providing, food and beverage outlets, retail stores and other related amenities, in addition to hotel accommodations. To the extent that we seek to enhance our revenue base by offering our own various amenities, we compete with the service offerings provided by these competitors.

Many of the competing properties have themes and attractions which draw a significant number of visitors and directly compete with our operations. Some of these properties are operated by subsidiaries or divisions of large public companies that may have greater name recognition and financial and marketing resources than we do and market to the same target demographic group as we do. Various competitors are expanding and renovating their existing facilities. We believe that competition in the San Francisco hotel and resort industry is based on certain property-specific factors, including overall atmosphere, range of amenities, price, location, technology infrastructure, entertainment attractions, theme and size. Any market perception that we do not excel with respect to such property-specific factors could adversely affect our ability to compete effectively. If we are unable to compete effectively, we could lose market share, which could adversely affect our business and results of operations.

The San Francisco hotel and resort industry are capital intensive; financing our renovations and future capital improvements could reduce our cash flow and adversely affect our financial performance.

The Hotel has an ongoing need for renovations and other capital improvements to remain competitive, including replacement, from time to time, of furniture, fixtures and equipment. We will also need to make capital expenditures to comply with applicable laws and regulations.

Renovations and other capital improvements of hotels require significant capital expenditures. In addition, renovations and capital improvements of hotels usually generate little or no cash flow until the project's completion. We may not be able to fund such projects solely from cash provided from our operating activities. Consequently, we will rely upon the availability of debt or equity capital and reserve funds to fund renovations and capital improvements and our ability to carry them out will be limited if we cannot obtain satisfactory debt or equity financing, which will depend on, among other things, market conditions. No assurances can be made that we will be able to obtain additional equity or debt financing or that we will be able to obtain such financing on favorable terms.

Renovations and other capital improvements may give rise to the following additional risks, among others: construction cost overruns and delays; increased prices of materials due to tariffs; temporary closures of all or a portion of the Hotel to customers; disruption in service and room availability causing reduced demand, occupancy and rates; and possible environmental issues.

As a result, renovations and any other future capital improvement projects may increase our expenses, reduce our cash flows and our revenues. If capital expenditures exceed our expectations, this excess would have an adverse effect on our available cash.

We have substantial debt, and we may incur additional indebtedness, which may negatively affect our business and financial results.

We have substantial debt service obligations. Our substantial debt may negatively affect our business and operations in several ways, including: requiring us to use a substantial portion of our funds from operations to make required payments on principal and interest, which will reduce funds available for operations and capital expenditures, future business opportunities and other purposes; making us more vulnerable to economic and industry downturns and reducing our flexibility in responding to changing business and economic conditions; limiting our flexibility in planning for, or reacting to, changes in the business and the industry in which we operate; placing us at a competitive disadvantage compared to our competitors that have less debt; limiting our ability to borrow more money for operations, capital or to finance acquisitions in the future; and requiring us to dispose of assets, if needed, in order to make required payments of interest and principal.

Our business model involves high fixed costs, including property taxes and insurance costs, which we may be unable to adjust in a timely manner in response to a reduction in our revenues.

The costs associated with owning and operating the Hotel are significant. Some of these costs (such as property taxes and insurance costs) are fixed, meaning that such costs may not be altered in a timely manner in response to changes in demand for services. Failure to adjust our expenses may adversely affect our business and results of operations. Our real property taxes may increase as property tax rates change and as the values of properties are assessed and reassessed by tax authorities. Our real estate taxes do not depend on our revenues, and generally we could not reduce them other than by disposing of our real estate assets.

Insurance premiums have increased significantly in recent years, and continued escalation may result in our inability to obtain adequate insurance at acceptable premium rates. A continuation of this trend would appreciably increase the operating expenses of the Hotel. If we do not obtain adequate insurance, to the extent that any of the events not covered by an insurance policy materialize, our financial condition may be materially adversely affected.

In the future, our property may be subject to increases in real estate and other tax rates, utility costs, operating expenses, insurance costs, repairs and maintenance and administrative expenses, which could reduce our cash flow and adversely affect our financial performance. If our revenues decline and we are unable to reduce our expenses in a timely manner, our business and results of operations could be adversely affected.

Risk of declining market values in marketable securities.

The Company invests from time to time in marketable securities. As a result, the Company is exposed to market volatility in connection with these investments. The Company's financial position and financial performance could be adversely affected by worsening market conditions or sluggish performance of such investments.

Illiquidity risk in nonmarketable securities.

Nonmarketable securities are, by definition, instruments that are not readily salable in the capital markets, and when sold are usually at a substantial discount. Thus, the holder is limited to return on investment from any income producing feature of the instrument, as any sale of such an instrument would be subject to a substantial discount. Thus, a holder may need to hold such instruments for long period of time and not be able to realize a return of their cash investment should there be a need to liquidate to obtain cash at any given time.

Litigation and legal proceedings could expose us to significant liabilities and thus negatively affect our financial results.

We are a party, from time to time, to various litigation claims and legal proceedings, government and regulatory inquiries and/or proceedings, including, but not limited to, intellectual property, premises liability and breach of contract claims. Material legal proceedings are described more fully in Note 17, Commitments and Contingencies, to our consolidated financial statements, included in Item 8 of this Annual Report on Form 10-K.

Litigation is inherently unpredictable and defending these proceedings can result in significant ongoing expenditures and the diversion of our management's time and attention from the operation of our business, which could have a negative effect on our business operations. Our failure to successfully defend or settle any litigation or legal proceedings could result in liabilities that, to the extent not covered by our insurance, could have a material adverse effect on our financial condition, revenue and profitability.

The threat of terrorism could adversely affect the number of customer visits to the Hotel.

The threat of terrorism has caused, and may in the future cause, a significant decrease in customer visits to San Francisco due to disruptions in commercial and leisure travel patterns and concerns about travel safety. We cannot predict the extent to which disruptions in air or other forms of travel as a result of any further terrorist act, outbreak of hostilities or escalation of war would adversely affect our financial condition, results of operations or cash flows. The possibility of future attacks may hamper business and leisure travel patterns and, accordingly, the performance of our business and our operations.

We depend in part, on third party management companies for the future success of our business and the loss of one or more of their key personnel could have an adverse effect on our ability to manage our business and operate successfully and competitively or could be negatively perceived in the capital markets.

The Hotel is managed by Interstate. Their ability to manage the Hotel and to operate successfully and competitively is dependent, in part, upon the efforts and continued service of their managers. The departure of key personnel of current or future management companies could have an adverse effect on our business and our ability to operate successfully and competitively, and it could be difficult to find replacements for these key personnel, as competition for such personnel is intense.

Seasonality and other related factors such as weather can be expected to cause quarterly fluctuations in revenue at the Hotel.

The hotel and resort industry are seasonal in nature. This seasonality can tend to cause quarterly fluctuations in revenues at the Hotel. Our quarterly earnings may also be adversely affected by other related factors outside our control, including weather conditions and poor economic conditions. As a result, we may have to enter into short-term borrowings in certain quarters in order to offset these quarterly fluctuations in our revenues.

The hotel industry is heavily regulated and failure to comply with extensive regulatory requirements may result in an adverse effect on our business.

The hotel industry is subject to extensive regulation and the Hotel must maintain its licenses and pay taxes and fees to continue operations. Our property is subject to numerous laws, including those relating to the preparation and sale of food and beverages, including alcohol. We are also subject to laws governing our relationship with our employees in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and firing employees and work permits. Also, our ability to remodel, refurbish or add to our property may be dependent upon our obtaining necessary building permits from local authorities. The failure to obtain any of these permits could adversely affect our ability to increase revenues and net income through capital improvements of our property. In addition, we are subject to the numerous rules and regulations relating to state and federal taxation. Compliance with these rules and regulations requires significant management attention. Furthermore, compliance costs associated with such laws, regulations and licenses are significant. Any change in the laws, regulations or licenses applicable to our business or a violation of any current or future laws or regulations applicable to our business or gaming license could require us to make substantial expenditures or could otherwise negatively affect our gaming operations. Any failure to comply with all such rules and regulations could subject us to fines or audits by the applicable taxation authority.

Violations of laws could result in, among other things, disciplinary action. If we fail to comply with regulatory requirements, this may result in an adverse effect on our business.

Uninsured and underinsured losses could adversely affect our financial condition and results of operations.

There are certain types of losses, generally of a catastrophic nature, such as earthquakes and floods or terrorist acts, which may be uninsurable or not economically insurable, or may be subject to insurance coverage limitations, such as large deductibles or co-payments. We will use our discretion in determining amounts, coverage limits, deductibility provisions of insurance and the appropriateness of self-insuring, with a view to maintaining appropriate insurance coverage on our investments at a reasonable cost and on suitable terms. Uninsured and underinsured losses could harm our financial condition and results of operations. We could incur liabilities resulting from loss or injury to the Hotel or to persons at the Hotel. Claims, whether or not they have merit, could harm the reputation of the Hotel or cause us to incur expenses to the extent of insurance deductibles or losses in excess of policy limitations, which could harm our results of operations.

In the event of a catastrophic loss, our insurance coverage may not be sufficient to cover the full current market value or replacement cost of our lost investment. Should an uninsured loss or a loss in excess of insured limits occur, we could lose all or a portion of the capital we have invested in the Hotel, as well as the anticipated future revenue from the property. In that event, we might nevertheless remain obligated for any mortgage debt or other financial obligations related to the Hotel. In the event of a significant loss, our deductible may be high, and we may be required to pay for all such repairs and, as a consequence, it could materially adversely affect our financial condition. Inflation, changes in building codes and ordinances, environmental considerations and other factors might also keep us from using insurance proceeds to replace or renovate the Hotel after it has been damaged or destroyed. Under those circumstances, the insurance proceeds we receive might be inadequate to restore our economic position on the damaged or destroyed property.

It has generally become more difficult and expensive to obtain property and casualty insurance, including coverage for terrorism. When our current insurance policies expire, we may encounter difficulty in obtaining or renewing property or casualty insurance on our property at the same levels of coverage and under similar terms. Such insurance may be more limited and for some catastrophic risks (for example, earthquake, flood and terrorism) may not be generally available at current levels. Even if we are able to renew our policies or to obtain new policies at levels and with limitations consistent with our current policies, we cannot be sure that we will be able to obtain such insurance at premium rates that are commercially reasonable. If we were unable to obtain adequate insurance on the Hotel for certain risks, it could cause us to be in default under specific covenants on certain of our indebtedness or other contractual commitments that require us to maintain adequate insurance on the Hotel to protect against the risk of loss. If this were to occur, or if we were unable to obtain adequate insurance and the Hotel experienced damage which would otherwise have been covered by insurance, it could materially adversely affect our financial condition and the operations of the Hotel.

In addition, insurance coverage for the Hotel and for casualty losses does not customarily cover damages that are characterized as punitive or similar damages. As a result, any claims or legal proceedings, or settlement of any such claims or legal proceedings that result in damages that are characterized as punitive or similar damages may not be covered by our insurance. If these types of damages are substantial, our financial resources may be adversely affected.

You may lose all or part of your investment.

There is no assurance that the Company's initiatives to improve its profitability or liquidity and financial position will be successful.

The price of the Company's common stock may fluctuate significantly, which could negatively affect the Company and holders of its common stock.

The market price of the Company's common stock may fluctuate significantly from time to time as a result of many factors, including: investors' perceptions of the Company and its prospects; investors' perceptions of the Company's and/or the industry's risk and return characteristics relative to other investment alternatives; difficulties between actual financial and operating results and those expected by investors and analysts; changes in our capital structure; trading volume fluctuations; actual or anticipated fluctuations in quarterly financial and operational results; volatility in the equity securities market; and sales, or anticipated sales, of large blocks of the Company's common stock.

The concentrated beneficial ownership of our common stock and the ability it affords to control our business may limit or eliminate other shareholders' ability to influence corporate affairs.

As of June 30, 2021, InterGroup owns more than 74% of the Company's outstanding common stock. Because of this concentrated stock ownership, the Company's largest shareholders will be able to significantly influence the election of the Company's board of directors and all other decisions on all matters requiring shareholder approval. As a result, the ability of other shareholders to determine the management and policies of the Company is significantly limited. The interests of these shareholders may differ from the interests of other shareholders with respect to the issuance of shares, business transactions with or sales to other companies, selection of officers and directors and other business decisions. This level of control may also have an adverse impact on the market value of our shares because our largest shareholders may institute or undertake transactions, policies or programs that may result in losses, may not take any steps to increase our visibility in the financial community and/or may sell enough shares to significantly decrease our price per share.

SAN FRANCISCO HOTEL PROPERTY

The Hotel is owned by the Partnership through its wholly owned subsidiary, Justice Operating Company, LLC. The Hotel is centrally located in the Financial District in San Francisco, one block from the Transamerica Pyramid. The Embarcadero Center is within walking distance and North Beach is two blocks away. Chinatown is directly across the bridge that runs from the Hotel to Portsmouth Square Park. The Hotel is a 31-story (including parking garage), steel and concrete, A-frame building, built in 1970. The Hotel has 544 well-appointed guest rooms and luxury suites situated on 22 floors. The third floor houses the Chinese Culture Center (the "CCC"), its administrative office, and a grand ballroom. The Hotel has approximately 22,000 square feet of meeting room space, including the grand ballroom. Other features of the Hotel include a 5-level underground parking garage and pedestrian bridge across Kearny Street connecting the Hotel and the CCC with Portsmouth Square Park in Chinatown. The bridge, built and owned by the Partnership, is included in the lease to the CCC.

As required by its senior lender, the Partnership will continue to make minimum payments into its furniture, fixtures, and equipment ("FF&E") escrow account held by its senior lender of the greater of 4% of annual revenues or a minimum of \$1,952,000 per annum. In the opinion of management, the Hotel is adequately covered by insurance.

HOTEL FINANCINGS

On December 18, 2013: (i) Justice Operating Company, LLC, a Delaware limited liability company ("Operating"), entered into a loan agreement ("Mortgage Loan Agreement") with Bank of America ("Mortgage Lender"); and (ii) Justice Mezzanine Company, a Delaware limited liability company ("Mezzanine"), entered into a mezzanine loan agreement ("Mezzanine Loan Agreement" and, together with the Mortgage Loan Agreement, the "Loan Agreements") with ISBI San Francisco Mezz Lender LLC ("Mezzanine Lender" and, together with Mortgage Lender, the "Lenders"). The Partnership is the sole member of Mezzanine, and Mezzanine is the sole member of Operating.

The Loan Agreements provide for a \$97,000,000 Mortgage Loan and a \$20,000,000 Mezzanine Loan. The proceeds of the Loan Agreements were used to fund the redemption of limited partnership interests and the pay-off of the prior mortgage.

The Mortgage Loan is secured by the Partnership's principal asset, the Hotel. The Mortgage Loan bears an interest rate of 5.275% per annum and matures in January 2024. The term of the loan is ten years with interest only due in the first three years and principal and interest payments to be made during the remaining seven years of the loan based on a thirty-year amortization schedule. The Mortgage Loan also requires payments for impounds related to property tax, insurance and FF&E reserves. As additional security for the Mortgage Loan, there is a limited guaranty ("Mortgage Guaranty") executed by the Company in favor of the Mortgage Lender.

The Mezzanine Loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The Mezzanine Loan had an interest rate of 9.75% per annum and a maturity date of January 1, 2024. Interest only payments were due monthly. On July 31, 2019, Mezzanine refinanced the Mezzanine Loan by entering into a new mezzanine loan agreement (“New Mezzanine Loan Agreement”) with Cred Reit Holdco LLC in the amount of \$20,000,000. The prior Mezzanine Loan was paid off. Interest rate on the new mezzanine loan is 7.25% and the loan matures on January 1, 2024. Interest only payments are due monthly. As additional security for the new mezzanine loan, there is a limited guaranty executed by the Company in favor of Cred Reit Holdco LLC (the “Mezzanine Guaranty” and, together with the Mortgage Guaranty, the “Guaranties”).

The Guaranties are limited to what are commonly referred to as “bad boy” acts, including: (i) fraud or intentional misrepresentations; (ii) gross negligence or willful misconduct; (iii) misapplication or misappropriation of rents, security deposits, insurance or condemnation proceeds; and (iv) failure to pay taxes or insurance. The Guaranties are full recourse guaranties under identified circumstances, including failure to maintain “single purpose” status which is a factor in a consolidation of Operating or Mezzanine in a bankruptcy of another person, transfer or encumbrance of the Property in violation of the applicable loan documents, Operating or Mezzanine incurring debts that are not permitted, and the Property becoming subject to a bankruptcy proceeding. Pursuant to the Guaranties, the Partnership is required to maintain a certain minimum net worth and liquidity. Effective as of May 12, 2017, InterGroup agreed to become an additional guarantor under the limited guaranty and an additional indemnitor under the environmental indemnity for Justice Investors limited partnership’s \$97,000,000 mortgage loan and the \$20,000,000 mezzanine loan. Pursuant to the agreement, InterGroup is required to maintain a certain net worth and liquidity. As of June 30, 2021, InterGroup is in compliance with both requirements. Due to the Hotel’s current low occupancy and low rates, and their negative impact on the Hotel’s cash flow, Justice Operating Company, LLC is not meeting certain of its loan covenants such as the Debt Service Coverage Ratio (“DSCR”) which would trigger the creation of a lock-box and cash sweep by the Lender for all cash collected by the Hotel, and under certain terms, would allow the Lender to request Operating to replace its hotel management company. The DSCR for Operating has been below 1.00 since third quarter of fiscal year 2020 while it is required to maintain a DSCR of at least 1.10 to 1.00 for two consecutive quarters. However, such lockbox has been created and utilized from the loan inception and will be in place up to loan maturity regardless of the DSCR. Justice has not missed any of its debt service payments and does not anticipate missing any debt obligations even during these uncertain times for at least the next twelve months and beyond.

Each of the Loan Agreements contains customary representations and warranties, events of default, reporting requirements, affirmative covenants and negative covenants, which impose restrictions on, among other things, organizational changes of the respective borrower, operations of the Property, agreements with affiliates and third parties. Each of the Loan Agreements also provides for mandatory prepayments under certain circumstances (including casualty or condemnation events) and voluntary prepayments, subject to satisfaction of prescribed conditions set forth in the Loan Agreements.

On July 2, 2014, the Partnership obtained from InterGroup an unsecured loan in the principal amount of \$4,250,000 at 12% per year fixed interest, with a term of two years, payable interest only each month. InterGroup received a 3% loan fee. The loan may be prepaid at any time without penalty. The proceeds of the loan were applied to the July 2014 payments to Justice Holdings Company, LLC (“Holdings”) in connection with the redemption of limited partnership interests. The loan was extended to July 31, 2022. On December 16, 2020, Justice and InterGroup entered into a loan modification agreement which increased Justice’s borrowing from InterGroup as needed up to \$10,000,000. During the fiscal year ending June 30, 2021, InterGroup has advanced \$3,650,000 to Justice per the loan modification agreement. As of June 30, 2021 and 2020, the balance of the loan was \$6,650,000 and \$3,000,000, respectively.

On April 9, 2020, Justice entered into a loan agreement (“SBA Loan”) with CIBC Bank USA under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) administered by the U.S. Small Business Administration (the “SBA”). Justice received proceeds of \$4,719,000 from the SBA Loan. In accordance with the requirements of the CARES Act, Justice used the proceeds from the SBA Loan for payroll costs and other qualified expenses. The SBA Loan was scheduled to mature on April 9, 2022 with a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. On June 10, 2021, the SBA Loan was forgiven in full.

On February 3, 2021, Justice entered into a second loan agreement (“Second SBA Loan”) with CIBC Bank USA administered by the SBA. Justice received proceeds of \$2,000,000 from the Second SBA Loan. As of June 30, 2021, Justice had used all proceeds from the Second SBA Loan primarily for payroll costs. The Second SBA Loan is scheduled to mature on February 3, 2026 and has a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. All payments of principal and interest are deferred until either: (a) if the SBA approves the forgiveness amount, the date the forgiveness amount is remitted by the SBA to CIBC; or (b) if Justice does not apply for forgiveness within 10 months after the last day of the covered period specified in the loan agreement or if the forgiveness amount is not approved, the date that is 10 months after the last day of the covered period. The loan may be forgiven if the funds are used for payroll and other qualified expenses. All unforgiven portion of the principal and accrued interest will be due at maturity. Justice submitted its application for full loan forgiveness on September 3, 2021.

INVESTMENT IN REAL ESTATE

In August 2007, the Company agreed to acquire 50% interest in InterGroup Uluniu, Inc. (“Uluniu”), a Hawaiian corporation and a 100% owned subsidiary of InterGroup, for \$973,000, which represents an amount equal to the costs paid by InterGroup for the acquisition and carrying costs of approximately two acres of unimproved land held for development located in Maui, Hawaii. In March 2021, to make both companies more efficient, InterGroup purchased back the 50% interest of Uluniu from Portsmouth for \$980,000, which represents Portsmouth’s carrying cost of the investment. No gains or losses were realized as a result of the transaction since it was a related-party transaction. As a related-party transaction, the fairness of the financial terms of the transactions were reviewed and approved by the independent director of the Company.

Item 3. Legal Proceedings.

The Company may be subject to legal proceedings, claims, and litigation arising in the ordinary course of business. The Company will defend itself vigorously against any such claims. Management does not believe that the impact of such matters will have a material effect on the financial conditions or result of operations when resolved.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

MARKET INFORMATION

Portsmouth’s common stock is traded on the OTC Market Inc.’s Pink tier under the symbol PRSI. As of June 30, 2021, the number of holders of record of the Company’s Common Stock was approximately 123. Such number of owners was determined from the Company’s shareholders records and does not include beneficial owners of the Company’s Common Stock whose shares are held in the names of various brokers, clearing agencies or other nominees.

DIVIDENDS

It is expected that the Company will not consider a return to a regular dividend policy until such time that Partnership cash flows, distributions and other economic factors warrant such consideration. The Company will continue to review and modify its dividend policy as needed to meet such strategic and investment objectives as may be determined by the Board of Directors.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Portsmouth has no securities authorized for issuance under equity compensation plans.

NEGATIVE EFFECTS OF CIVIL AUTHORITY ACTIONS ON OUR BUSINESS

On February 25, 2020, the City of San Francisco issued the proclamation by the Mayor declaring the existence of a local emergency. The negative effects of the civil authority actions related to the novel strain of coronavirus (“COVID-19”) on our business have been significant. In March 2020, the World Health Organization declared COVID-19 a global pandemic. This contagious virus, which has continued to spread, has adversely affected workforces, customers, economies and financial markets globally. It has also disrupted the normal operations of many businesses, including ours. To mitigate the harm from the pandemic, on March 16, 2020, the City and County of San Francisco, along with a group of five other Bay Area counties and the City of Berkeley, issued parallel health officer orders imposing shelter in place limitations across the Bay Area, requiring everyone to stay safe at home except for certain essential needs. Since February 2020, several unfavorable events and civil authority actions have unfolded causing demand for our hotel rooms to suffer including cancellations of all citywide conventions, reduction of flights in and out of the Bay Area and decline in both leisure and business travel.

In December 2020, due to the surge in COVID-19 cases and hospitalizations, the Health Officer of the City and County of San Francisco has suspended or restricted certain activities. Health Order C19-07q (the “Order”) incorporates suspensions, reductions in capacity limits, and other restrictions contained in the Regional Stay At Home Order issued by the California Department of Public Health on December 3, 2020. Effective December 17, 2020, the Bay Area Region, including San Francisco, is required to comply with the State’s December 3, 2020 Regional Stay-at-Home Order. The Order strongly discourages anyone in the County from travelling for leisure, recreation, business or other purposes that can be postponed until after the current surge. With limited exceptions, this Order imposed a mandatory quarantine on anyone traveling, moving, or returning to the County from anywhere outside the Bay Area. Effective January 20, 2021, Health Order C19- 07r revised and replaced the previous Order; it continues to temporarily prohibit certain businesses and activities from resuming but allows certain other businesses, activities, travel and governmental functions to occur subject to specified health and safety restrictions, limitations, and conditions to limit the transmission of COVID-19. Quarantine and isolation requirements and recommendations upon moving to, traveling to, or returning to the County have not changed from the previous Order.

On March 24, 2021, the City and County of San Francisco announced it moved into the orange tier which removed the suggested Shelter in Place for guests travelling to San Francisco. This was a very positive step for the hotel community. This tier opens up activities in the city including expanded restaurant capacities, museums and attractions. For the hotel it allows for guests to gather in public spaces and for outlets and amenities to open up at limited capacities including fitness centers. It does not change the very stringent cleaning and sanitation requirements set forth by the Health Officer of the City and County of San Francisco which proves to be a costly measure to maintain. Effective May 6, 2021, the City and County of San Francisco moved into the yellow tier guidelines.

In response to the decrease in demand, we have since furloughed all managers at the Hotel except for members of the executive team and continue to limit hourly staff to a minimum. By the end of March 2020, we had temporarily closed all of our food and beverage outlets, valet parking, concierge and bell services, fitness center, as well as the executive lounge facility. We continue to implement social distancing standards and cleaning processes designed by Interstate and Hilton to keep employees and guests safe. The full impact and duration of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic effectively eliminated our ability to generate any profits, due to the drastic decline in both leisure and business travel. As a result, management believes the ongoing length and severity of the economic downturn caused by the pandemic will have a material adverse impact on our future business, financial condition, liquidity and financial results. We are also assessing the potential impact on the impairment analysis of our long-lived assets and the realization of our deferred tax assets. As of the date of this report, the effects of the pandemic continue to affect our economy, business and leisure travel, and our needs to continue to curtail certain revenue generating activities at the Hotel. We expect that the effects will have a material adverse effect on our business until the pandemic ends.

As a result of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) signed into law on March 27, 2020, additional avenues of relief may be available to workers and families through enhanced unemployment insurance provisions and to small businesses through programs administered by the Small Business Administration (“SBA”). The CARES Act includes, among other things, provisions relating to payroll tax credits and deferrals, net operating loss carryback periods, alternative minimum tax credits and technical corrections to tax depreciation methods for qualified improvement property. The CARES Act also established a Paycheck Protection Program (“PPP”), whereby certain small businesses are eligible for a loan to fund payroll expenses, rent, and related costs. On April 9, 2020, Justice entered into a loan agreement (“SBA Loan”) with CIBC Bank USA under the CARES Act. Justice received proceeds of \$4,719,000 from the SBA Loan. In accordance with the requirements of the CARES Act, Justice used proceeds from the SBA Loan for payroll costs and other qualified expenses. The SBA Loan was scheduled to mature on April 9, 2022 with a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. On June 10, 2021, the SBA Loan was forgiven in full.

On February 3, 2021, Justice entered into a second loan agreement (“Second SBA Loan”) with CIBC Bank USA administered by the SBA. Justice received proceeds of \$2,000,000 from the Second SBA Loan. As of June 30, 2021, Justice had used all proceeds from the Second SBA Loan primarily for payroll costs. The Second SBA Loan is scheduled to mature on February 3, 2026 and has a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. All payments of principal and interest are deferred until either: (a) if the SBA approves the forgiveness amount, the date the forgiveness amount is remitted by the SBA to CIBC; or (b) if Justice does not apply for forgiveness within 10 months after the last day of the covered period specified in the loan agreement or if the forgiveness amount is not approved, the date that is 10 months after the last day of the covered period. The loan may be forgiven if the funds are used for payroll and other qualified expenses. All unforgiven portion of the principal and accrued interest will be due at maturity. Justice submitted its application for full loan forgiveness on September 3, 2021.

RESULTS OF OPERATIONS

The Company’s principal business is conducted through its general and limited partnership interest in the Justice Investors Limited Partnership (“Justice” or the “Partnership”). Justice owns a 544-room hotel property located at 750 Kearny Street, San Francisco, California 94108, known as the “Hilton San Francisco Financial District” (the “Hotel” or the “Property”) and related facilities, including a five-level underground parking garage. The financial statements of Justice have been consolidated with those of the Company.

The Hotel is operated by the Partnership as a full-service Hilton brand hotel pursuant to a License Agreement with Hilton. The Partnership entered into the License Agreement on December 10, 2004. The term of the License Agreement was for an initial period of 15 years commencing on the reopening date, upon completion of a major renovation, with an option to extend the License Agreement for another five years, subject to certain conditions. On June 26, 2015, the Partnership and Hilton entered into an amended franchise agreement which extended the License Agreement through 2030, modified the monthly royalty rate, extended geographic protection to the Partnership and also provided the Partnership certain key money incentive fee in the form of a self-exhausting, interest free note payable to be earned through 2030. The key money incentive fee of \$4,750,000 was received on July 1, 2015. As of June 30, 2021 and 2020, the balance of the note was \$2,692,000 and \$3,008,000, respectively, and are included in related party and other notes payable in the consolidated balance sheets.

On February 1, 2017, Justice entered into a Hotel management agreement (“HMA”) with Interstate Management Company, LLC (“Interstate”) to manage the Hotel with an effective takeover date of February 3, 2017. The term of management agreement is for an initial period of 10 years commencing on the takeover date and automatically renews for an additional year not to exceed five years in the aggregate subject to certain conditions. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the amount of \$2,000,000 under certain terms and conditions described in a separate key money agreement. As of June 30, 2020, balance of the key money including accrued interest was \$1,009,000 and is included in restricted cash in the consolidated balance sheets. As of June 30, 2021, the key money balance was zero as the Hotel obtained approval from Interstate to use the funds for hotel operations during the first quarter of fiscal year 2021. As of June 30, 2021 and 2020, balance of the unamortized portion of the key money are \$1,396,000 and \$1,646,000, respectively, and are included in the related party notes payable in the consolidated balance sheets. On October 25, 2019, Interstate merged with Aimbridge Hospitality, North America’s largest independent hotel management firm. With the completion of the merger, the newly combined company will be positioned under the Aimbridge Hospitality name in the Americas.

In order to provide our guests with best-in-class technology experience, we completed the upgrade of our new internet system from Cisco including a complete hotel re-cabling with the latest Ethernet and fiber and installed new 55" smart 4K televisions and Hilton's stay connected internet streaming products, including Netflix streaming. We also replaced mattresses and pillows in all guestrooms during the fiscal year ended June 30, 2020. Replacement of all corridor floor coverings was completed in July 2021 and a guestroom carpet replacement program commenced in June 2021 and is scheduled to be completed prior to fiscal year ending June 30, 2022. The COVID-19 pandemic and design delays have pushed back the plans for the conversion of the Justice offices, Fitness Center, SPA and Executive Lounge; projects that would add 19 guest rooms to our inventory. The long-term value of these rooms is in utilizing them as income producing guest rooms, and we will work to implement a new timeline as business returns. Part of this renovation will be funded by the Hotel's furniture, fixture and equipment reserve account with our lender. Lastly, the Hotel completed the installation of a complete exterior building maintenance system which will enable periodic window washing, replaced and upgraded all computers in the business center and administrative offices.

In addition, the Hotel had \$6,222,000 and \$10,666,000 of restricted cash held by its senior lender Wells Fargo Bank, N.A. ("Lender") as of June 30, 2021 and 2020, respectively. Of the \$10,666,000 restricted cash held as of June 30, 2020, \$2,432,000 was for a possible future property improvement plan ("PIP") requested by our franchisor, Hilton. However, Hilton confirmed that it will not require a PIP for our Hotel until relicensing which shall occur at the earlier of (i) January 2030, which is six years after the maturity date of our current senior and mezzanine loans, or (ii) upon the sale of our Hotel. On August 19, 2020, Lender released PIP deposits in the amount of \$2,379,000 to the Hotel. The funds were utilized to fund operating expenses, including franchise and management fees and other expenses.

On April 9, 2020, Justice entered into a loan agreement ("SBA Loan") with CIBC Bank USA under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") administered by the U.S. Small Business Administration (the "SBA"). Justice received proceeds of \$4,719,000 from the SBA Loan. In accordance with the requirements of the CARES Act, Justice used the proceeds from the SBA Loan for payroll costs and other qualified expenses. The SBA Loan was scheduled to mature on April 9, 2022 with a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. On June 10, 2021, the SBA Loan was forgiven in full.

On February 3, 2021, Justice entered into a second loan agreement ("Second SBA Loan") with CIBC Bank USA administered by the SBA. Justice received proceeds of \$2,000,000 from the Second SBA Loan. As of June 30, 2021, Justice had used all proceeds from the Second SBA Loan primarily for payroll costs. The Second SBA Loan is scheduled to mature on February 3, 2026 and has a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. All payments of principal and interest are deferred until either: (a) if the SBA approves the forgiveness amount, the date the forgiveness amount is remitted by the SBA to CIBC; or (b) if Justice does not apply for forgiveness within 10 months after the last day of the covered period specified in the loan agreement or if the forgiveness amount is not approved, the date that is 10 months after the last day of the covered period. The loan may be forgiven if the funds are used for payroll and other qualified expenses. All unforgiven portion of the principal and accrued interest will be due at maturity. Justice submitted its application for full loan forgiveness on September 3, 2021.

On December 16, 2020, Justice and InterGroup entered into a loan modification agreement which increased Justice's borrowing from InterGroup as needed up to \$10,000,000. During the fiscal year ending June 30, 2021, InterGroup has advanced \$3,650,000 to Justice per the aforementioned loan modification agreement. The Partnership is also allowed to seek additional loans and sell partnership interests. Upon the consent of the general partner and a super majority in interest, the Partnership may sell additional classes or series of units of the Partnership under certain conditions in order to raise additional capital. Additionally, on August 28, 2020, the Board of InterGroup passed resolutions to provide funding to Portsmouth if necessary.

In order to increase its liquidity position and to take advantage of the favorable interest rate environment, InterGroup refinanced its 151-unit apartment complex in Parsippany, New Jersey on April 30, 2020, generating net proceeds of \$6,814,000. In June 2020, InterGroup refinanced one of its California properties and generated net proceeds of \$1,144,000. During the fiscal year ended June 30, 2021, InterGroup completed refinancing on six of its California properties and generated net proceeds of \$6,762,000. InterGroup is currently evaluating other refinancing opportunities and it could refinance additional multifamily properties should the need arise, or should management consider the interest rate environment favorable. InterGroup has an uncollateralized \$8,000,000 revolving line of credit from CIBC Bank USA ("CIBC") and the entire \$8,000,000 is available to be drawn down as of June 30, 2021 should additional liquidity be necessary.

Our known short-term liquidity requirements primarily consist of funds necessary to pay for operating and other expenditures, including management and franchise fees, corporate expenses, payroll and related costs, taxes, interest and principal payments on our outstanding indebtedness, and repairs and maintenance of the Hotel.

Our long-term liquidity requirements primarily consist of funds necessary to pay for scheduled debt maturities and capital improvements of the Hotel. We will continue to finance our business activities primarily with existing cash, including from the activities described above, and cash generated from our operations. After considering our approach to liquidity and accessing our available sources of cash, we believe that our cash position, after giving effect to the transactions discussed above, will be adequate to meet anticipated requirements for operating and other expenditures, including corporate expenses, payroll and related benefits, taxes and compliance costs and other commitments, for at least twelve months from the date of issuance of these financial statements, even if current levels of low occupancy and low RevPAR were to persist. The objectives of our cash management policy are to maintain existing leverage levels and the availability of liquidity, while minimizing operational costs. We believe that our cash on hand, along with other potential aforementioned sources of liquidity that management may be able to obtain, will be sufficient to fund our working capital needs, as well as our capital lease and debt obligations for at least the next twelve months and beyond. However, there can be no guarantee that management will be successful with its plan.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no material off balance sheet arrangements.

IMPACT OF INFLATION

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for inflationary cost increases. Since Interstate has the power and ability under the terms of its management agreement to adjust Hotel room rates on an ongoing basis, there should be minimal impact on partnership revenues due to inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

CRITICAL ACCOUNTING POLICIES

Critical accounting policies are those that are most significant to the portrayal of our financial position and results of operations and require judgments by management in order to make estimates about the effect of matters that are inherently uncertain. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts in our consolidated financial statements. We evaluate our estimates on an ongoing basis, including those related to the consolidation of our subsidiaries, to our revenues, allowances for bad debts, accruals, asset impairments, other investments, income taxes and commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. The actual results may differ from these estimates or our estimates may be affected by different assumptions or conditions.

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors
Portsmouth Square, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Portsmouth Square, Inc. and its subsidiary (the “Company”) as of June 30, 2021 and 2020, the related consolidated statements of operations, shareholders’ deficit and cash flows for the years then ended, and the related notes (collectively, referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of June 30, 2021 and 2020, and the consolidated results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that (1) relates to accounts or disclosures that are material to the consolidated financial statements, and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Liquidity and Capital Resources

As discussed in Note 2 to the consolidated financial statements, the Company has historically generated cash flows primarily from their Hotel operations. However, the responses by federal, state, and local civil authorities to the COVID-19 pandemic have had a material detrimental impact on the Company's Hotel operations and liquidity. During the year ended June 30, 2021, the Company took several steps to preserve capital and increase liquidity, including implementing strict cost management measures to eliminate non-essential expenses, postponing capital expenditures, renegotiating certain reoccurring expenses, and temporarily closing certain hotel services and outlets. At June 30, 2021, the Company believes its current available liquidity, borrowing capacity, and cash generated by operations will be sufficient to fund the Company's operations for at least a year beyond the date of the issuance of the consolidated financial statements.

We identified liquidity and capital resources as a critical audit matter due to the subjectivity and judgments required by management to conclude the Company would have sufficient liquidity to sustain itself for at least a year beyond the date of the issuance of the consolidated financial statements. This in turn led to a high degree of auditor subjectivity and judgment to evaluate the audit evidence supporting management's liquidity and going concern conclusions.

The primary procedures we performed to address this critical audit matter included:

- Evaluating the amount and timing of management's forecasted revenues and expenses along with the respective cash receipts and payments, including scheduled debt payments, over the next twelve-months. This includes a consideration of current market information available at the time of preparation of the forecast. In addition, evaluating audit evidence in connection with management's liquidity assessment.
- Retrospectively evaluating management's prior forecasted timing of cash receipts and payments and comparing to actual results from the most recent twelve-month period in order to consider management's potential bias in preparing estimates.
- Finally, evaluating the clarity and adequacy of the Company's disclosure of the circumstances which led to initial doubt regarding the entity's ability to continue as a going concern and the factors that alleviated the initial doubt included in the consolidated financial statements.

NOTE 1 – BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Description of Business

Portsmouth's primary business is conducted through its general and limited partnership interest in Justice Investors Limited Partnership, a California limited partnership ("Justice" or the "Partnership"). Portsmouth has a 99.3% limited partnership interest in Justice and is the sole general partner. Justice was formed in 1967 to acquire real property in San Francisco, California. As of June 30, 2021, the Partnership has 3 voting limited partners. The financial statements of Justice are consolidated with those of the Company.

As of June 30, 2021, The InterGroup Corporation ("InterGroup"), a public company (NASDAQ: INTG), owns approximately 74.9% of the common stock of Portsmouth.

Justice, through its subsidiaries Justice Operating Company, LLC ("Operating") and Justice Mezzanine Company, LLC ("Mezzanine") owns and operates a 544-room hotel property located at 750 Kearny Street, San Francisco California, known as the Hilton San Francisco Financial District (the "Hotel") and related facilities including a five-level underground parking garage. Mezzanine is a wholly owned subsidiary of the Partnership; Operating is a wholly owned subsidiary of Mezzanine. Mezzanine is the borrower under certain mezzanine indebtedness of Justice, and in December 2013, the Partnership conveyed ownership of the Hotel to Operating. The Hotel is operated by the partnership as a full-service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Franchise Holding LLC ("Hilton") through January 31, 2030.

Justice entered into a Hotel management agreement ("HMA") with Interstate Management Company, LLC ("Interstate") to manage the Hotel, along with its five-level parking garage, with an effective takeover date of February 3, 2017. The term of the management agreement is for an initial period of ten years commencing on the takeover date and automatically renews for successive one (1) year periods, to not exceed five years in the aggregate, subject to certain conditions. Under the terms of the HMA, base management fee payable to Interstate shall be one and seven-tenths percent (1.70%) of total Hotel revenue. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the form of a self-exhausting, interest free note payable in the amount of \$2,000,000 in a separate key money agreement. As of June 30, 2020, balance of the key money including accrued interest was \$1,009,000 and is included in restricted cash in the consolidated balance sheets. As of June 30, 2021, the key money balance was zero as the Hotel obtained approval from Interstate to use the funds for hotel operations during the first quarter of fiscal year 2021. As of June 30, 2021 and 2020, balance of the unamortized portion of the key money are \$1,396,000 and \$1,646,000, respectively, and are included in the related party notes payable in the consolidated balance sheets. On October 25, 2019, Interstate merged with Aimbridge Hospitality, North America's largest independent hotel management firm. With the completion of the merger, the newly combined company will be positioned under the Aimbridge Hospitality name in the Americas.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and Justice. All significant inter-company transactions and balances have been eliminated.

Investment in Hotel, Net

Property and equipment are stated at cost. Building improvements are depreciated on a straight-line basis over their useful lives ranging from 3 to 39 years. Furniture, fixtures, and equipment are depreciated on a straight-line basis over their useful lives ranging from 3 to 7 years.

Repairs and maintenance are charged to expense as incurred. Costs of significant renewals and improvements are capitalized and depreciated over the shorter of its remaining estimated useful life or life of the asset. The cost of assets sold or retired and the related accumulated depreciation are removed from the accounts; any resulting gain or loss is included in other income (expenses).

The Company reviews property and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with generally accepted accounting principles ("GAAP"). If the carrying amount of the asset, including any intangible assets associated with that asset, exceeds its estimated undiscounted net cash flow, before interest, the Partnership will recognize an impairment loss equal to the difference between the assets' carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market and economic factors. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. No impairment losses were recorded for the years ended June 30, 2021 and 2020.

Investment in Marketable Securities

Marketable securities are stated at fair value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading securities with all unrealized gains and losses on the Company's investment portfolio recorded through the consolidated statements of operations.

Other Investments, Net

Other investments include non-marketable securities (carried at cost, net of any impairments loss). The Company has no significant influence or control over the entities that issue these investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include, but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near-term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value. For the years ended June 30, 2021 and 2020, the Company recorded impairment losses related to other investments of \$38,000 and \$80,000, respectively. As of June 30, 2021 and 2020, the allowance for impairment losses was \$2,249,000 and \$2,257,000, respectively.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with an original maturity of three months or less when purchased and are carried at cost, which approximates fair value. As of June 30, 2021 and 2020, the Company does not have any cash equivalents.

Restricted Cash

Restricted cash is comprised of amounts held by lenders for payment of real estate taxes, insurance, replacement and capital addition reserves for the Hotel. It also includes key money received from Interstate that is restricted for capital improvements.

Accounts Receivable - Hotel, Net

Accounts receivable from Hotel customers are carried at cost less an allowance for doubtful accounts that is based on management's assessment of the collectability of accounts receivable. As of June 30, 2021 and 2020, the allowance for doubtful accounts was \$17,000 and \$25,000, respectively. The Partnership extends unsecured credit to its customers but mitigates the associated credit risk by performing ongoing credit evaluations of its customers.

Other Assets, Net

Other assets include prepaid insurance, accounts receivable, franchise fees, and other miscellaneous assets. Franchise fees are stated at cost and amortized over the life of the agreement (15 years).

Income Taxes

The Company consolidates Justice ("Hotel") for financial reporting purposes and is not taxed on its non-controlling interest in the Hotel. The income tax benefit during the fiscal years ended June 30, 2021 and 2020 represent the income tax effect on the Company's pretax loss which includes its share in the net loss of the Hotel.

Deferred income taxes are calculated under the liability method. Deferred income tax assets and liabilities are based on differences between the financial statement and tax basis of assets and liabilities at the current enacted tax rates. Changes in deferred income tax assets and liabilities are included as a component of income tax expense. Changes in deferred income tax assets and liabilities attributable to changes in enacted tax rates are charged or credited to income tax expense in the period of enactment. Valuation allowances are established for certain deferred tax assets where realization is not likely.

We have considered the income tax accounting and disclosure implications of the relief provided by the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted on March 27, 2020, and the American Rescue Plan Act enacted on March 11, 2021. The effect of tax law changes is required to be recognized either in the interim period in which the legislation is enacted or reflected in the computation of the annual effective tax rate, depending on the nature of the change. As of June 30, 2020, we evaluated the income tax provisions of the CARES Act and the American Rescue Plan Act and have determined there to be no material effect on the fiscal year tax provision. We will continue to evaluate the income tax provisions of both acts and monitor the tax law changes that could have income tax accounting and disclosure implications.

Assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the “more-likely-than-not” threshold based on the technical merits of the positions.

Due to Securities Broker

Various securities brokers have advanced funds to the Company for the purchase of marketable securities under standard margin agreements. These advanced funds are recorded as a liability.

Accounts Payable and Other Liabilities

Accounts payable and other liabilities include trade payables, advance customer deposits, accrued wages, accrued real estate taxes, and other liabilities.

Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. Accounting standards for fair value measurement establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the observability of inputs as follows:

Level 1—inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2—inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.

Level 3—inputs to the valuation methodology are unobservable and significant to the fair value.

Revenue Recognition

On July 1, 2018, we adopted ASC 606, *Revenue from Contracts with Customers*, using the modified retrospective approach to all contracts resulting in no cumulative adjustment to accumulated deficit. The adoption of this standard did not impact the timing of our revenue recognition based on the short-term, day-to-day nature of our operations. See Note 3 – Revenue.

Advertising Costs

Advertising costs are expensed as incurred and are included in Hotel operating expenses in the consolidated statements of operations. Advertising costs were \$110,000 and \$176,000 for the years ended June 30, 2021 and 2020, respectively.

Basic and Diluted Loss per Share

Basic loss per share is calculated based upon the weighted average number of common shares outstanding during each fiscal year. As of June 30, 2021 and 2020, the Company did not have any potentially dilutive securities outstanding.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to the recording of allowance for doubtful accounts and allowance for impairment losses which are based on management's assessment of the collectability of accounts receivable and the fair market value of nonmarketable securities, respectively, as of the end of the fiscal year. Actual results may differ from those estimates.

Debt Issuance Costs

Debt issuance costs related to a recognized debt liability are presented in the consolidated balance sheets as a direct deduction from the carrying amount of the debt liability and are amortized over the life of the debt. Loan amortization costs are included in interest expense in the consolidated statement of operations.

Recently Issued and Adopted Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, Leases (Topic 842). ASU 2016-02 requires lessees to recognize lease assets and lease liabilities on the balance sheet and requires expanded disclosures about leasing arrangements. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, and interim periods in fiscal years beginning after December 15, 2018, with early adoption permitted. In July 2018, the FASB issued ASU 2018-11, Leases (Topic 842): Targeted Improvements. ASU 2018-11 provides entities another option for transition, allowing entities to not apply the new standard in the comparative periods they present in their financial statements in the year of adoption. Effective July 1, 2019, we adopted ASU 2016-02 using the modified retrospective approach provided by ASU 2018-11. We elected certain practical expedients permitted under the transition guidance, including the election to carryforward historical lease classification. We also elected the short-term lease practical expedient, which allowed us to not recognize leases with a term of less than twelve months on our consolidated balance sheets. In addition, we elected the lease and non-lease components practical expedient, which allowed us to calculate the present value of the fixed payments without performing an allocation of lease and non-lease components. We did not record any operating lease right-of-use ("ROU") assets and operating lease liabilities upon adoption of the new standard as the aggregate value of the ROU assets and operating lease liabilities are immaterial relative to our total assets and liabilities as of June 30, 2021 and 2020. The standard did not have an impact on our other finance leases, statements of operations or cash flows. See Note 4 and Note 11 for balances of finance lease ROU assets and liabilities, respectively.

In August 2018, the FASB issued Accounting Standard Update No. 2018-13, *Changes to Disclosure Requirements for Fair Value Measurements (Topic 820)* (ASU 2018-13), which improved the effectiveness of disclosure requirements for recurring and nonrecurring fair value measurements. The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted upon issuance of this Update. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Company has adopted the new standard effective July 1, 2020 and the adoption of this guidance did not have a material impact on its condensed consolidated financial statements.

NOTE 2 - LIQUIDITY

Historically, our cash flows have been primarily generated from our Hotel operations. However, the responses by federal, state, and local civil authorities to the COVID-19 pandemic has had a material detrimental impact on our liquidity. For the fiscal year ended June 30, 2021 and 2020, our net cash flow used in operations was \$10,687,000 and \$5,404,000, respectively. We have taken several steps to preserve capital and increase liquidity at our Hotel, including implementing strict cost management measures to eliminate non-essential expenses, postponing major capital expenditures, renegotiating certain reoccurring expenses, and temporarily closing certain hotel services and outlets.

The Company had cash and cash equivalents of \$2,310,000 and \$4,710,000 as of June 30, 2021 and 2020, respectively. In addition, the Hotel had \$6,222,000 and \$10,666,000 of restricted cash held by its senior lender Wells Fargo Bank, N.A. (“Lender”) as of June 30, 2021 and 2020, respectively. Of the \$10,666,000 restricted cash held as of June 30, 2020, \$2,432,000 was for a possible future property improvement plan (“PIP”) requested by our franchisor, Hilton. However, Hilton has confirmed that it will not require a PIP for our Hotel until relicensing which shall occur at the earlier of (i) January 2030, which is six years after the maturity date of our current senior and mezzanine loans, or (ii) upon the sale of our Hotel. On August 19, 2020, Lender released PIP deposits in the amount of \$2,379,000 to the Hotel. The funds were utilized to fund operating expenses, including franchise and management fees and other expenses. The Company had marketable securities, net of margin due to securities brokers, of \$1,821,000 and \$565,000 as of June 30, 2021 and 2020, respectively. These marketable securities are short-term investments and liquid in nature.

On December 16, 2020, Justice and InterGroup entered into a loan modification agreement which increased Justice’s borrowing from InterGroup as needed up to \$10,000,000. During the fiscal year ending June 30, 2021, InterGroup advanced \$3,650,000 to Justice per the aforementioned loan modification agreement, bringing the total amount due InterGroup to \$6,650,000 at June 30, 2021. The Partnership is also allowed to seek additional loans and sell partnership interests. Upon the consent of the general partner and a super majority in interest, the Partnership may sell additional classes or series of units of the Partnership under certain conditions in order to raise additional capital. On August 28, 2020, the Board of InterGroup passed resolutions to provide funding to Portsmouth if necessary.

In order to increase its liquidity position and to take advantage of the favorable interest rate environment, InterGroup refinanced its 151-unit apartment complex in Parsippany, New Jersey on April 30, 2020, generating net proceeds of \$6,814,000. In June 2020, InterGroup refinanced one of its California properties and generated net proceeds of \$1,144,000. During the fiscal year ended June 30, 2021, InterGroup completed refinancing on six of its California properties and generated net proceeds of \$6,762,000. InterGroup is currently evaluating other refinancing opportunities and it could refinance additional multifamily properties should the need arise, or should management consider the interest rate environment favorable. InterGroup has an uncollateralized \$8,000,000 revolving line of credit from CIBC Bank USA (“CIBC”) and the entire \$8,000,000 is available to be drawn down as of June 30, 2021 should additional liquidity be necessary.

On April 9, 2020, Justice entered into a loan agreement (“SBA Loan”) with CIBC Bank USA under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) administered by the U.S. Small Business Administration (the “SBA”). Justice received proceeds of \$4,719,000 from the SBA Loan. In accordance with the requirements of the CARES Act, Justice used the proceeds from the SBA Loan for payroll costs and other qualified expenses. The SBA Loan was scheduled to mature on April 9, 2022 with a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. On June 10, 2021, the SBA Loan was forgiven in full.

On February 3, 2021, Justice entered into a second loan agreement (“Second SBA Loan”) with CIBC Bank USA administered by the SBA. Justice received proceeds of \$2,000,000 from the Second SBA Loan. As of June 30, 2021, Justice had used all proceeds from the Second SBA Loan primarily for payroll costs. The Second SBA Loan is scheduled to mature on February 3, 2026 and has a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. All payments of principal and interest are deferred until either: (a) if the SBA approves the forgiveness amount, the date the forgiveness amount is remitted by the SBA to CIBC; or (b) if Justice does not apply for forgiveness within 10 months after the last day of the covered period specified in the loan agreement or if the forgiveness amount is not approved, the date that is 10 months after the last day of the covered period. The loan may be forgiven if the funds are used for payroll and other qualified expenses. All unforgiven portion of the principal and accrued interest will be due at maturity. Justice submitted its application for full loan forgiveness on September 3, 2021.

Our known short-term liquidity requirements primarily consist of funds necessary to pay for operating and other expenditures, including management and franchise fees, corporate expenses, payroll and related costs, taxes, interest and principal payments on our outstanding indebtedness, and repairs and maintenance of the Hotel.

Our long-term liquidity requirements primarily consist of funds necessary to pay for scheduled debt maturities and capital improvements of the Hotel. We will continue to finance our business activities primarily with existing cash, including from the activities described above, and cash generated from our operations. After considering our approach to liquidity and accessing our available sources of cash, we believe that our cash position, after giving effect to the transactions discussed above, will be adequate to meet anticipated requirements for operating and other expenditures, including corporate expenses, payroll and related benefits, taxes and compliance costs and other commitments, for at least twelve months from the date of issuance of these financial statements, even if current levels of low occupancy and low RevPAR were to persist. The objectives of our cash management policy are to maintain existing leverage levels and the availability of liquidity, while minimizing operational costs. We believe that our cash on hand, along with other potential aforementioned sources of liquidity that management may be able to obtain, will be sufficient to fund our working capital needs, as well as our capital lease and debt obligations for at least the next twelve months and beyond. However, there can be no guarantee that management will be successful with its plan.

NOTE 3 - REVENUE

Performance obligations

We identified the following performance obligations for which revenue is recognized as the respective performance obligations are satisfied, which results in recognizing the amount we expect to be entitled to for providing the goods or services:

- *Cancelable room reservations or ancillary services* are typically satisfied as the good or service is transferred to the hotel guest, which is generally when the room stay occurs.
- *Noncancelable room reservations and banquet or conference reservations* represent a series of distinct goods or services provided over time and satisfied as each distinct good or service is provided, which is reflected by the duration of the room reservation.
- *Other ancillary goods and services* are purchased independently of the room reservation at standalone selling prices and are considered separate performance obligations, which are satisfied when the related good or service is provided to the hotel guest.
- *Components of package reservations* for which each component could be sold separately to other hotel guests are considered separate performance obligations and are satisfied as set forth above.

Hotel revenue primarily consists of hotel room rentals, revenue from accommodations sold in conjunction with other services (e.g., package reservations), food and beverage sales and other ancillary goods and services (e.g., parking). Revenue is recognized when rooms are occupied or goods and services have been delivered or rendered, respectively. Payment terms typically align with when the goods and services are provided. For package reservations, the transaction price is allocated to the performance obligations within the package based on the estimated standalone selling prices of each component.

We do not disclose the value of unsatisfied performance obligations for contracts with an expected length of one year or less. Due to the nature of our business, our revenue is not significantly impacted by refunds. Cash payments received in advance of guests staying at our hotel are refunded to hotel guests if the guest cancels within the specified time period, before any services are rendered. Refunds related to service are generally recognized as an adjustment to the transaction price at the time the hotel stay occurs or services are rendered.

Contract assets and liabilities

We do not have any material contract assets as of June 30, 2021 and 2020, other than trade and other receivables, net on our consolidated balance sheets. Our receivables are primarily the result of contracts with customers, which are reduced by an allowance for doubtful accounts that reflects our estimate of amounts that will not be collected.

We record contract liabilities when cash payments are received or due in advance of guests staying at our hotel, which are presented within accounts payable and other liabilities on our consolidated balance sheets. Contract liabilities decreased to \$161,000 as of June 30, 2021 from \$375,000 as of June 30, 2020. The decrease for the twelve months ended June 30, 2021 was primarily driven by \$214,000 revenue recognized that was included in the advanced deposits balance as of June 30, 2020.

Contract costs

We consider sales commissions earned to be incremental costs of obtaining a contract with our customers. As a practical expedient, we expense these costs as incurred as our contracts with customers are less than one year.

(“Uluniu”), a Hawaiian corporation and a 100% owned subsidiary of InterGroup, for \$973,000, which represents an amount equal to the costs paid by InterGroup for the acquisition and carrying costs of approximately two acres of unimproved land held for development located in Maui, Hawaii. In March 2021, to make both companies more efficient, InterGroup purchased back the 50% interest of Uluniu from Portsmouth for \$980,000, which represents Portsmouth’s carrying cost of the investment. No gains or losses were realized as a result of the transaction since it was a related-party transaction. As a related-party transaction, the fairness of the financial terms of the transactions were reviewed and approved by the independent director of the Company.

NOTE 8 - FAIR VALUE MEASUREMENTS

The carrying values of the Company's financial instruments not required to be carried at fair value on a recurring basis approximate fair value due to their short maturities (i.e., accounts receivable, other assets, accounts payable and other liabilities, due to securities broker and obligations for securities sold) or the nature and terms of the obligation (i.e., other notes payable and mortgage notes payable).

The assets measured at fair value on a recurring basis are as follows:

As of June 30, 2021	Level 1
Assets:	
Investment in marketable securities:	
Communication services	\$ 1,334,000
Basic materials	720,000
Industrials	653,000
REITs and real estate companies	438,000

REITs and real estate companies	162,000
Energy	26,000
	<u>\$ 565,000</u>

The fair values of investments in marketable securities are determined by the most recently traded price of each security at the balance sheet date.

Financial assets that are measured at fair value on a non-recurring basis and are not included in the tables above include “Other investments in non-marketable securities,” that were initially measured at cost and have been written down to fair value as a result of impairment or adjusted to record the fair value of new instruments received (i.e., preferred shares) in exchange for old instruments (i.e., debt instruments). The following table shows the fair value hierarchy for these assets measured at fair value on a non-recurring basis as follows:

Assets	Level 3	June 30, 2021	Net loss for the year ended June 30, 2021
Other non-marketable investments	\$ 20,000	\$ 20,000	\$ (38,000)

Assets	Level 3	June 30, 2020	Net loss for the year ended June 30, 2020
Other non-marketable investments	\$ 87,000	\$ 87,000	\$ (80,000)

For fiscal year ended June 30, 2021 and 2020, we received distribution from other non-marketable investments of \$30,000 and \$29,000, respectively.

Other investments in non-marketable securities are carried at cost net of any impairment loss. The Company has no significant influence or control over the entities that issue these investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. When determining the fair value of these investments on a non-recurring basis, the Company uses valuation techniques such as the market approach and the unobservable inputs include factors such as conversion ratios and the stock price of the underlying convertible instruments. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near-term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value.

InterGroup received a 3% loan fee. The loan may be prepaid at any time without penalty. The loan was extended to July 31, 2022. On December 16, 2020, Justice and InterGroup entered into a loan modification agreement which increased Justice’s borrowing from InterGroup as needed up to \$10,000,000. During the fiscal year ending June 30, 2021, InterGroup advanced \$3,650,000 to Justice per the aforementioned loan modification agreement. As of June 30, 2021 and 2020, the balance of the loan was \$6,650,000 and \$3,000,000, respectively.

On February 1, 2017, Justice entered into an HMA with Interstate to manage the Hotel with an effective takeover date of February 3, 2017. The term of the management agreement is for an initial period of 10 years commencing on the takeover date and automatically renews for an additional year not to exceed five years in aggregate subject to certain conditions. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the amount of \$2,000,000 under certain terms and conditions described in a separate key money agreement. The key money contribution shall be amortized in equal monthly amounts over an eight (8) year period commencing on the second (2nd) anniversary of the takeover date. As of June 30, 2020, balance of the key money including accrued interest was \$1,009,000 and is included in restricted cash in the consolidated balance sheets. As of June 30, 2021, the key money balance was zero as the Hotel obtained approval from Interstate to use the funds for hotel operations during the first quarter of fiscal year 2021. Unamortized portion of the key money is included in the related party notes payable in the consolidated balance sheets.

On April 9, 2020, Justice entered into a loan agreement (“SBA Loan”) with CIBC Bank USA under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) administered by the U.S. Small Business Administration (the “SBA”). Justice received proceeds of \$4,719,000 from the SBA Loan. In accordance with the requirements of the CARES Act, Justice used the proceeds from the SBA Loan for payroll costs and other qualified expenses. The SBA Loan was scheduled to mature on April 9, 2022 with a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act.. On June 10, 2021, the SBA Loan was forgiven in full.

On February 3, 2021, Justice entered into a second loan agreement (“Second SBA Loan”) with CIBC Bank USA administered by the SBA. Justice received proceeds of \$2,000,000 from the Second SBA Loan. As of June 30, 2021, Justice had used all proceeds from the Second SBA Loan primarily for payroll costs. The Second SBA Loan is scheduled to mature on February 3, 2026 and has a 1.00% interest rate and is subject to the terms and conditions applicable to loans administered by the U.S. Small Business Administration under the CARES Act. All payments of principal and interest are deferred until either: (a) if the SBA approves the forgiveness amount, the date the forgiveness amount is remitted by the SBA to CIBC; or (b) if Justice does not apply for forgiveness within 10 months after the last day of the covered period specified in the loan agreement or if the forgiveness amount is not approved, the date that is 10 months after the last day of the covered period. The loan may be forgiven if the funds are used for payroll and other qualified expenses. All unforgiven portion of the principal and accrued interest will be due at maturity. Justice submitted its application for full loan forgiveness on September 3, 2021.

These are amounts due to InterGroup and represent certain shared costs and expenses, primarily general and administrative expenses, rent, insurance and other expenses that are allocated among the Company and InterGroup.

The Company’s Board of Directors is currently comprised of directors John V. Winfield, William J. Nance, John C. Love, Jerold R. Babin, and Steve Grunwald. All of the Company’s directors also serve as directors of InterGroup except for Mr. Grunwald. Mr. Winfield also serves as Managing Director of Justice.

John V. Winfield serves as Chief Executive Officer and Chairman of the Company and InterGroup. Effective June 2016, Mr. Winfield became the Managing Director of Justice. Depending on certain market conditions and various risk factors, the Chief Executive Officer and InterGroup may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and the resources of InterGroup at risk in connection with investment decisions made on behalf of the Company.

NOTE 11 – MORTGAGE NOTES PAYABLE

On December 18, 2013: (i) Justice Operating Company, LLC, a Delaware limited liability company (“Operating”), entered into a loan agreement (“Mortgage Loan Agreement”) with Bank of America (“Mortgage Lender”); and (ii) Justice Mezzanine Company, a Delaware limited liability company (“Mezzanine”), entered into a mezzanine loan agreement (“Mezzanine Loan Agreement” and, together with the Mortgage Loan Agreement, the “Loan Agreements”) with ISBI San Francisco Mezz Lender LLC (“Mezzanine Lender” and, together with Mortgage Lender, the “Lenders”). The Partnership is the sole member of Mezzanine, and Mezzanine is the sole member of Operating.

The Loan Agreements provide for a \$97,000,000 Mortgage Loan and a \$20,000,000 Mezzanine Loan. The proceeds of the Loan Agreements were used to fund the redemption of limited partnership interests and the pay-off of the prior mortgage.

The Mortgage Loan is secured by the Partnership’s principal asset, the Hotel. The Mortgage Loan bears an interest rate of 5.275% per annum and matures in January 2024. The term of the loan is ten years with interest only due in the first three years and principal and interest payments to be made during the remaining seven years of the loan based on a thirty-year amortization schedule. The Mortgage Loan also requires payments for impounds related to property tax, insurance and capital improvement reserves. As additional security for the Mortgage Loan, there is a limited guaranty (“Mortgage Guaranty”) executed by the Company in favor of Mortgage Lender.

The Mezzanine Loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The Mezzanine Loan had an interest rate of 9.75% per annum and a maturity date of January 1, 2024. Interest only payments were due monthly. On July 31, 2019, Mezzanine refinanced the Mezzanine Loan by entering into a new mezzanine loan agreement (“New Mezzanine Loan Agreement”) with Cred Reit Holdco LLC in the amount of \$20,000,000. The prior Mezzanine Loan was paid off. Interest rate on the new mezzanine loan is 7.25% and the loan matures on January 1, 2024. Interest only payments are due monthly. As additional security for the new mezzanine loan, there is a limited guaranty executed by the Company in favor of Cred Reit Holdco LLC (the “Mezzanine Guaranty” and, together with the Mortgage Guaranty, the “Guaranties”).

The Guaranties are limited to what are commonly referred to as “bad boy” acts, including: (i) fraud or intentional misrepresentations; (ii) gross negligence or willful misconduct; (iii) misapplication or misappropriation of rents, security deposits, insurance or condemnation proceeds; and (iv) failure to pay taxes or insurance. The Guaranties are full recourse guaranties under identified circumstances, including failure to maintain “single purpose” status which is a factor in a consolidation of Operating or Mezzanine in a bankruptcy of another person, transfer or encumbrance of the Property in violation of the applicable loan documents, Operating or Mezzanine incurring debts that are not permitted, and the Property becoming subject to a bankruptcy proceeding. Pursuant to the Guaranties, the Partnership is required to maintain a certain minimum net worth and liquidity. Effective as of May 12, 2017, InterGroup agreed to become an additional guarantor under the limited guaranty and an additional indemnitor under the environmental indemnity for Justice Investors limited partnership’s \$97,000,000 mortgage loan and the \$20,000,000 mezzanine loan. Pursuant to the agreement, InterGroup is required to maintain a certain net worth and liquidity. As of June 30, 2021 and 2020, InterGroup is in compliance with both requirements. However, due to the Hotel’s current low occupancy and its negative impact on the Hotel’s cash flow, Justice Operating Company, LLC is not meeting certain of its loan covenants such as the Debt Service Coverage Ratio (“DSCR”) which would trigger the creation of a lock-box and cash sweep by the Lender for all cash collected by the Hotel, and under certain terms, would allow the Lender to request Operating to replace its hotel management company. The DSCR for Operating has been below 1.00 since third quarter of fiscal year 2020 while it is required to maintain a DSCR of at least 1.10 to 1.00 for two consecutive quarters. However, such lockbox has been created and utilized from the loan inception and will be in place up to loan maturity regardless of the DSCR. Justice has not missed any of its debt service payments and does not anticipate missing any debt obligations even during these uncertain times for at least the next twelve months and beyond.

Each of the Loan Agreements contains customary representations and warranties, events of default, reporting requirements, affirmative covenants and negative covenants, which impose restrictions on, among other things, organizational changes of the respective borrower, operations of the Property, agreements with affiliates and third parties. Each of the Loan Agreements also provides for mandatory prepayments under certain circumstances (including casualty or condemnation events) and voluntary prepayments, subject to satisfaction of prescribed conditions set forth in the Loan Agreements.

As of June 30, 2021 and 2020, the Company had the following mortgages:

NOTE 12 – MANAGEMENT AGREEMENTS

On February 1, 2017, Justice entered into a Hotel management agreement (“HMA”) with Interstate Management Company, LLC (“Interstate”) to manage the Hotel with an effective takeover date of February 3, 2017. The term of management agreement is for an initial period of 10 years commencing on the takeover date and automatically renews for an additional year not to exceed five years in the aggregate subject to certain conditions. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the amount of \$2,000,000 under certain terms and conditions described in a separate key money agreement. The key money contribution shall be amortized in equal monthly amounts over an eight (8) year period commencing on the second (2nd) anniversary of the takeover date. As of June 30, 2020, balance of the key money including accrued interest was \$1,009,000 and is included in restricted cash in the consolidated balance sheets. As of June 30, 2021, the key money balance was zero as the Hotel obtained approval from Interstate to use the funds for hotel operations during the first quarter of fiscal year 2021. As of June 30, 2021 and 2020, balance of the unamortized portion of the key money are \$1,396,000 and \$1,646,000, respectively, and are included in the related party notes payable in the consolidated balance sheets. For the fiscal years ended June 30, 2021 and 2020, hotel management fees were \$242,000 and \$591,000, respectively, offset by key money amortization of \$250,000 for both years and are included in Hotel operating expenses in the consolidated statements of operations.

NOTE 13 – CONCENTRATION OF CREDIT RISK

As of June 30, 2021 and 2020, all accounts receivables are related to Hotel customers. The Hotel had two customers that accounted for 89%, or \$64,000 of accounts receivable at June 30, 2021, and two customers that accounted for 95%, or \$239,000 of accounts receivable at June 30, 2020.

The Company maintains its cash and cash equivalents and restricted cash with various financial institutions that are monitored regularly for credit quality. At times, such cash and cash equivalents holdings may be in excess of the Federal Deposit Insurance Corporation (“FDIC”) or other federally insured limits.

NOTE 16 - RELATED PARTY TRANSACTIONS

As discussed in Note 10 – Related Party and Other Financing Transactions, on July 2, 2014, the Partnership obtained from InterGroup an unsecured loan in the principal amount of \$4,250,000. The loan was extended to July 31, 2022. On December 16, 2020, Justice and InterGroup entered into a loan modification agreement which increased Justice’s borrowing from InterGroup as needed up to \$10,000,000. As of June 30, 2021 and 2020, the balance of the loan was \$6,650,000 and \$3,000,000, respectively, and are included in the related party and other notes payable in the consolidated balance sheets.

Certain shared costs and expenses, primarily administrative expenses, rent and insurance are allocated between the Company and InterGroup based on management’s estimate of the pro rata utilization of resources. For the years ended June 30, 2021 and 2020, these expenses were approximately \$96,000 and \$72,000, respectively.

Four of the Company’s Directors serve as directors of InterGroup.

As Chairman of the Executive Strategic Real Estate and Securities Investment Committee and Chief Executive Officer (CEO), John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of InterGroup and oversees the investment activity of InterGroup. Effective June 2016, Mr. Winfield became the Managing Director of Justice. Depending on certain market conditions and various risk factors, the Chief Executive Officer and InterGroup may, at times, invest in the same companies in which the Company invests. Such investments align the interests of the Company with the interests of these related parties because it places the personal resources of the Chief Executive Officer and the resources of InterGroup at risk in substantially the same manner as the Company in connection with investment decisions made on behalf of the Company.

NOTE 17 – COMMITMENTS AND CONTINGENCIES

Cash Management Agreement

As part of the Hotel refinancing effective December 18, 2013, Operating entered into a Cash Management Agreement with Bank of America, N.A. (“Lender”) and Wells Fargo Bank, N.A. (“Cash Management Bank”) whereby all cash received by Operating is to be deposited into a business checking account controlled by the Cash Management Bank up to the loan maturity date. Additionally, other terms of the Cash Management Agreement provide that effective February 2019 or upon a Property Improvement Plan (“PIP”) requirement by Hilton (“Franchisor”) deemed the “Cash Sweep Period” during which all excess cash generated by Operating beyond the monthly budgeted expenses and debt services including principal and interest, insurance reserves, real estate taxes reserve, furniture fixtures and equipment (“FF&E”) reserves, for the senior and mezzanine loans, will be held by the Cash Management Bank for future hotel improvements as required by the date or a PIP. Currently, any and all funds are being controlled by the Cash Management Bank according to the Cash Management Agreement.

Franchise Agreements

The Partnership entered into a Franchise License Agreement (the “License Agreement”) with the HLT Existing Franchise Holding LLC (“Hilton”) on December 10, 2004. The term of the License agreement was for an initial period of 15 years commencing on the date the Hotel began operating as a Hilton hotel, with an option to extend the License Agreement for another five years, subject to certain conditions. On June 26, 2015, Operating and Hilton entered into an amended franchise agreement which amongst other things extended the License Agreement through 2030, and also provided the Partnership certain key money cash incentives to be earned through 2030.

Since the opening of the Hotel as a full brand Hilton in January 2006, the Partnership has incurred monthly royalties, program fees and information technology recapture charges equal to a percentage of the Hotel’s gross room revenue. Fees for such services during fiscal year 2021 and 2020 totaled approximately \$703,000 and \$2,960,000, respectively.

Hotel Employees

Effective February 3, 2017, the Partnership had no employees. On February 3, 2017, Interstate assumed all labor union agreements and retained employees of their choice to continue providing services to the Hotel. As of June 30, 2021, approximately 92% of those employees were represented by one of three labor unions, and their terms of employment were determined under various collective bargaining agreements (“CBAs”) to which the Partnership was a party. CBA for Local 2 (Hotel and Restaurant Employees) will expire on August 13, 2022. CBA for Local 856 (International Brotherhood of Teamsters) will expire on December 31, 2022. CBA for Local 39 (Stationary Engineers) will expire on July 31, 2024.

Negotiation of collective bargaining agreements, which includes not just terms and conditions of employment, but scope and coverage of employees, is a regular and expected course of business operations for the Partnership and Interstate. The Partnership expects and anticipates that the terms of conditions of CBAs will have an impact on wage and benefit costs, operating expenses, and certain hotel operations during the life of each CBA and incorporates these principles into its operating and budgetary practices.

Legal Matters

The Company may be subject to legal proceedings, claims, and litigation arising in the ordinary course of business. The Company will defend itself vigorously against any such claims. Management does not believe that the impact of such matters will have a material effect on the financial conditions or result of operations when resolved.

NOTE 18 – SUBSEQUENT EVENTS

There are no other relationships or related transactions between the Company and any of its officers, directors, five-percent security holders or their families that require disclosure.
